Cork Grease

Reed Case

Mouthpiece Brush

Korg TM60 Tuner w/ Mic Clip

Folding wire music stand

Essential Elements for Band Book #1

Foundation for Superior Performance

### **Renting/Purchasing New Instrument**

A quality beginner- model instrument is crucial to your child's success in band. Using the above recommended list of instruments/supplies, we suggest that you comparison-shop for the best deals on the same models/brands as what we have listed.

- **The mouthpiece brand and model are critical** regardless of which instrument you decide to buy. DO NOT allow anyone to persuade you to buy another model. If you have questions, please contact your band director.
- **Unfortunately, not all instruments are made the same.** If you've ever purchased something that turned out to be junk, then you will understand the following warning: There are instruments made from cheap parts that continuously break down (costing you more in repairs than the cost of the instrument), and instruments made poorly that sound like toys rather than real instruments. This is why we suggest you stick to our above recommendations.
- **List of Bad Brands to Avoid!**  
Mendini, Kaizer, Glory, Lazzaro, Jean Paul, LyxJam, MuGig, Hisonic, D'Luca, Cecilio, Eastar, Herche, EastRock \*Every Year More Come Out\*

### **Recommended Music Companies**

Ellis County Music Center  
1568 N Hwy 77 #102  
Waxahachie, TX 75165  
972-937-5300

### **Purchasing Used Instrument**

Be very careful when purchasing a used instrument. It's best to have a band director play check it for to make sure the repairs needed won't cost you an arm and a leg. Just like purchasing a used car, you want to have it looked at by a professional who can warn you of any issues that may pop up. There are really good buys out there, but always have it evaluated before purchasing.

### **School Owned Instruments**

If your child has been placed on one of the following instruments: OBOE, BASSOON, BASS CLARINET, TENOR SAXOPHONE, BARI SAXOPHONE, HORN, EUPHONIUM, or TUBA then the school will provide you with an instrument for the small rental fee of \$140. This fee covers the cost of cleaning/repairing the instrument at the end of the year. Parents must provide the mouthpiece and other supplies on the list above.
